INFORMATIVE DIGEST

The Insurance Commissioner of the State of California (Commissioner) proposes to amend Subchapter 9, article 5, Sections 2698.70 and 2698.71, Title 10, Chapter 5 of the California Code of Regulations (CCR) regarding the program for investigation and prosecution of organized automobile fraud. The purpose of the proposed amendment is to implement, interpret and make specific the provisions of the California Insurance Code (CIC) sections 1874.8 and 1874.81 which require the Commissioner to assess and distribute certain funds to California district attorneys for the purpose of prosecuting organized automobile fraud cases.

AB 1050, Chapter 885, Statutes of 1999, was signed by the Governor on October 9, 1999 creating the Organized Crime Prevention and Victim Protection Act of 1999. AB 1050, inter alia, added CIC 1874.8 and 1874.81 as well modifying existing CIC section 1872.8. In adopting AB 1050, the Legislature made the following findings and declaration of purpose:

Section 1. (a) This act shall be known as the Organized Crime Prevention and Victim Prevention Act of 1999.

“(b) The Legislature finds that organized automobile fraud activity operating in the major urban centers of the state represents a significant portion of all individual fraud-related automobile insurance cases. These cases result in artificially higher insurance premiums for core urban areas and low-income areas of the state than for other areas of the state. Only a focused, coordinated effort by all appropriate agencies and organizations can effectively deal with this problem.”

CIC section 12921 requires the Commissioner to enforce the provisions of the Insurance Code and other laws regulating the business of insurance in the State of California. CIC section 1874.8, requires the Commissioner to establish an annual assessment on each automobile for which a policy of insurance has been issued in order to fund the activity of the Commissioner, the California Highway Patrol and from 3 to 10 county District Attorney’s Offices.

The proposed amendments are necessary to implement, interpret and make specific the provisions of CIC sections 1872.8, 1874.8 and 1874.81 and title 10, California Code of Regulations sections 2698.70 and 2698.71. The proposed action would amend the existing provisions to provide authority for a grantee to carry-over a percentage of grant funds from one funding cycle to another funding cycle due to a related carry-over of an investigation or prosecution or on submission of justification made to and approval by the Commissioner.

The specific regulation being amended by this notice are as follows:

Section 2698.73 Funding Procedure

“(d) A grantee who has undertaken investigations and prosecutions which will carry-over into a subsequent funding cycle may carry-over into the subsequent funding cycle distributed but unused funds not exceeding twenty-five percent (25%) of the total funding cycle, provided that the grantee files a written plan, at the end of the funding cycle, which specifies and justifies to the Commissioner how those funds will be used. In the event that, due to extenuating circumstances, distributed funds exceeding twenty-five percent (25%) of the previous total funding cycle are unused, the Commissioner may consider and approve requests for carry-over of the unused funds to the extent that the grantee provides justification.”

ALTERNATIVES

In accordance with Government Code Section 11346.5(a)(12), the CDI must determine that no alternative considered by the California Department of Insurance would be more effective in carrying out the purpose for which the action was taken or would be as effective and less burdensome to affect private persons than the emergency action.

The Commissioner must determine that no alternative considered by the agency would be more effective in carrying out the purposes for which the regulation are proposed, or would be as effective and less burdensome to affected private persons than the proposed regulations.
